cost-performance

RST Lite

— Simplicity is not merely simple; it is born for efficiency

With advanced industrial aesthetic design, it creates a milky white soft light effect, effectively reducing visual fatigue. The pre-assembled kit design eliminates the need for complex selection, allowing for immediate use. The precise functional configuration avoids waste, paired with an extremely high cost-performance, making signaling more effortless and professional.

Technical data and order specifications

Diameter / Height (Ø x H)	56 mm x 150 mm
Materials	PC / ABS-Blend
Dome color / Housing color	White / Black
Optical signal	Permanent LED
Acoustic signal	Continuous tone
Volume (max) at 1m distance	80-85dB
Rated operational current	75 mA / 100 mA
Operational voltage	24V DC

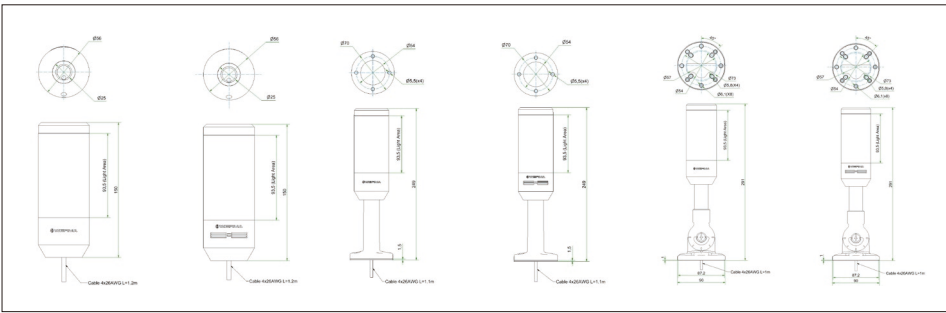

Description **Product code**

GN / YE / RD	686 070 05
GN / YE / RD / Buzzer	686 070 15
GN / YE / RD / Bracket	686 071 05
GN / YE / RD / Bracket / Buzzer	686 071 15
GN / YE / RD / Foldable Bracket	686 072 05
GN / YE / RD / Foldable Bracket / Buzzer	686 072 15

Accessories

Anodized aluminum tube (Ø25mm) 100mm	975 849 10
Anodized aluminum tube (Ø25mm) 250mm	975 849 25
Base for tube (Black)	975 849 90
Foldable Bracket (suit to Ø25mm)	960 009 17
